

A bomb !!! "For me it is one of the best albums of Power metal that came out for years. In my view, this group delivers everything really everything that makes the essence of good music. All metal fans who will not buy this record, will miss something great. Nothing to say, this is an absolute purchasing advice.

10/10 MV Hardline (DE) April 2016

"In my opinion, Now Or Never's "II" album is the finest release in Mighty Music's history, and surely one of the better heavy metal/heavy rock bands out today. Do not pass this one up – it's an essential listen for ears tired of listening to the same old corporate crap littering the airwaves around the world. Now Or Never's "II"

is a perfect 10 out of 10. Sarjoo Devani – Explicitly Intense" (USA)

Now Or Never (NoN) was founded in 2012 by Ricky Marx (ex-Pretty Maids), Ranzo and Kenn Jackson (also ex-Pretty Maids). Short after, Now Or Never recorded their self-titled debut album at the Peek Studio in the South of France, co-produced by the band and Pat Liotard. Their eponymous debut album was released worldwide on the Mausoleum Records label, early 2014 and got a very good response from the hard rock scene and good international reviews by the press. Now or Never entered Peek Studio and finished recording their second album "II", again co-produced by Pat Liotard. It was released worldwide by **Mighty Music** in February 2016 and in Japan by **Bickee Music** in March 2016.

Now or Never rebranded the name into **NoN** and is back now with a new amazing singer, Steph Honde. The recording of the III album is now finished and it will be released in September 2020 on Crusader Records, part of Golden Robot Records labels with worldwide physical and digital distribution. The album is mastered by Jacob Hansen (Volbeat, Pretty Maids, Amaranthe) and Stan W Decker as cover Artist.

NoN is a band of experienced musicians, both on the road and in studio. Its music epitomizes the evolution of Hard Rock into modern Melodic Metal Music.
